IPHONE3 HOLDER FOR TUBULAR HANDLEBARS

Water resistant phone holder for mounting iPhone 3G/3GS on a motorcycle or bike

COMFORTABLE AND SAFE

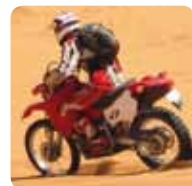

Thanks to the adjustable lock, iPhone 3G/3GS moto holder for motorbike or bicycle guarantees a stable fastening on any handlebar. The lock mechanism firmly holds the phone, allowing its removal through a simple push button.

WATER RESISTANT

Thanks to the included water resistant sheath with transparent window, it is possible to use iPhone 3/3GS even in the rain allowing the use of the touch screen display.

CONNECTIONS

The handy openings on the holder allow the connection of headphones and USB-DOCK cable.
