IPHONE4 HOLDER FOR TUBULAR HANDLEBARS

Water resistant iPhone holder for motorcycles and bicycles. A very sturdy external housing and a knock-proof internal rubber shell provide your device with total protection. The mounting bracket with safety closure is adjustable over a full 360° so you can place your iPhone in the best possible position. All phone functions are available with the phone in the case, including the Touch Screen function, plugging in the earphones and using the battery charger. Likewise, you can take pictures without removing the phone from the case, since it is equipped with a hole for the lens on your iPhone.
