

Fissare il supporto orientandolo nella posizione ottimale (Il supporto è utilizzabile anche senza astina orientabile, agganciando la custodia direttamente al supporto della prima ghiera).

Fasten the holder while pointing it in the best position. (The holder can be used without the adjustable shaft by snapping the case directly onto the first collar on the holder).

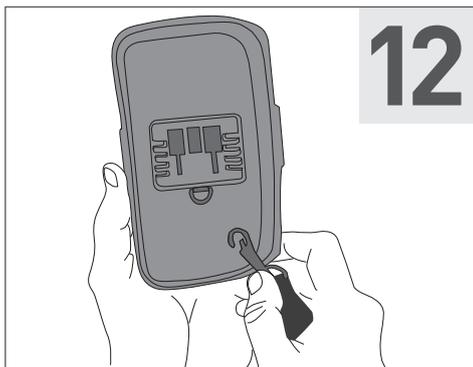

Utilizzare la doppia cerniera per il passaggio dei cavi (se necessari).

Use the double zip to allow cables to enter the case (if necessary).

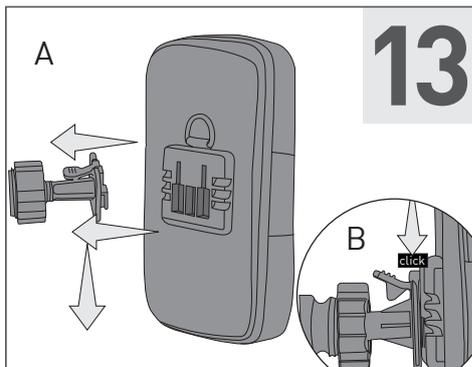

Inserire gli appositi spessori fino a che lo smartphone/navigatore opportunamente spessorato tocchi la superficie trasparente della custodia.

Insert the shims provided with the unit until the suitably shimmed smartphone/navigator touches the clear surface of the case.

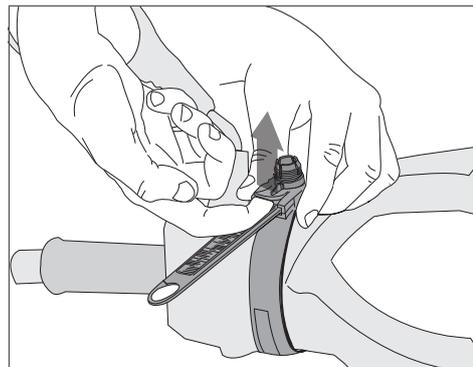

Agganciare la fascia di sicurezza anticaduta alla custodia e fissare il lato terminale in velcro al tubolare del manubrio.

Hook the drop-proof safety band to the case and fasten the Velcro closure on other end of the strap to the handlebar.

Agganciare infine la custodia alla staffa.

Finally, latch the case onto the bracket.

Per rimuovere la cinghia di fissaggio sollevare la linguetta di sgancio serrando con due dita la base del supporto.

To remove the retainer belt, lift the release tab while holding the base of the holder with two fingers
